

**MAAT Parent Nomination Letter**

Dear Parents and Carers,

At Broadoak Mathematics and Computing College, our More Able and Talented students are identified as those in the top 5-10% of the whole school, using CATS and Key Stage 2 results. More Able and Talented students are also identified by staff within departments, using subject specific criteria.

Although we identify subject specific MAAT students, we are aware that many students participate in activities outside of school that we are unaware of and may have a particular talent that should be recognised. To enable us to support these students, we would like to offer you the opportunity to nominate your son/daughter as an MAAT student.

If you would like to nominate your son/daughter as MAAT or find out more information please complete the slip below and return it to Miss Britton via Broadoak reception.
